

New Product Information

Direct Drive Compressors

Effective May 2004

Four new models of Professional Direct Drive Compressor have been added to our range all fitted with additional new features proving that "not all compressors are the same". The four models at 1.5HP and 3HP and with 24 and 50 ltr air receivers will replace the existing Montecarlo and Pole Position 221 (1.5HP) and Montecarlo and Pole Position 260 (2.5HP).

New features include:-

1. Built in hose reel with rubber hose and quick couplings
2. New larger wheels
3. Extended power cable
4. Extended handle for improved maneuverability
5. Standard silencer/filter (3HP only)
6. New control panel (24 ltr models) with dual outlets
7. 3HP pumps fitted with cast iron cylinders
8. 2.5HP upgraded to 3HP
9. 2 feet for extra stability (50 ltr only)

Old Model	New Model Description	Capacity*		Pressure		Motor		Tank	Volts	List Price
		cfm	lt/min	Bar	Psi	HP	kW			
Pole Position 221	Pole Position 221*	7.8	220	8	115	1.5	1.1	24	230	£189.00
Montecarlo 221	Montecarlo 221	7.8	220	8	115	1.5	1.1	50	230	£247.00
Pole Position 260	Pole Position D4	11.1	315	8	115	3	2.2	24	230	£219.00
Montecarlo 260	Montecarlo D4	11.1	315	8	115	3	2.2	50	230	£272.00

* Pole Position 221 (110 Volt) new version as above will be available soon.
